RE: Continuing Education Audit

Dear MARLIN E BUCKLEY:

Pursuant to N.J.S.A. 45:5A-13.1 – 13.6, each Electrical Contractor, as a condition for triennial license renewal is required to complete 34 credits of continuing education imposed by the Board of Examiners of Electrical Contractors. The 34 hours should consist of ten (10) hours of Code and Law and twenty-four (24) hours of Trade Related subject matter approved by the Board.

You have been randomly selected to participate in a Continuing Education Compliance Audit and are required to submit to the Board Office copies of your completion certificates representing the 34 hours of Continuing Education credits you completed for your 2006 triennial renewal. The Board requests that this documentation be received in the Board Office within 10 business days of the receipt of this correspondence. If you do not respond within the 10 business days, the Board will consider your non-response as a failure to cooperate with a Board directive which may result in the Board taking action against your license. Pursuant to N.J.A.C. 13:45C-1.2, it is your duty to cooperate.

Please handle this Continuing Education Audit in a timely manner to avoid jeopardizing the future of your Electrical Contractor's License.

Very truly yours,
BOARD OF EXAMINERS OF
ELECTRICAL CONTRACTORS

Barbara A. Cook
Executive Director
